

'Cool Breezes . . . Beautiful Trip'—Local Vacationers Glory in Their Travels

By THE VACATION EDITOR
of the Mercury Staff

"Havin' a fine time. Wish you wuz here."

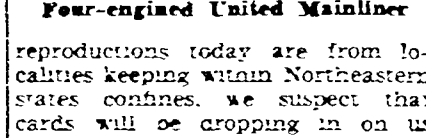

Pottstonians and surrounding area folks are having the time of their lives in many parts of the country, and here is the first response to the suggestion that they might be merely sunbathing in the Mercury's vacation column.

Although most of the postcard

Riverview Beach Park, Pennsylvania, N. J.

reproductions today are from localities keeping within Northeastern states confines, we suspect that cards will be coming in on us from every corner of the nation.

While soaking up vitamin D on distant beaches and enjoying the balmy breezes sweeping past mountain resorts, these kind folks scratched off short notes about their Summer fun on pic-

ture postcards, and shipped them off to The Vacation Editor, Mercury.

A day or so later, they appear in this column for the benefit of the vacationers' friends and acquaintances still having a rough time at home.

Here's one from Joline and Gordie addressed to Mom and Pop Yer-

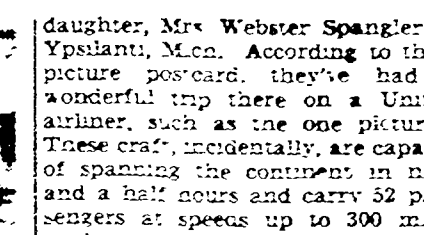

Asbury Methodist Church, Salisbury, Md.

ger, but there's no address given. They want everyone to know that they've had a gorgeous nice boat ride and they're picking up a swell sun tan. They expect to be back to the old grind soon, after their vacation time at Riverview Beach Park, Pennsylvania, N. J. is done.

Mr. and Mrs. William Stolpe, of 3 Rice street, Stowe, are visiting their

Northern Operators Okay Soft Coal Pact With Lewis

Tales of 'Saucers' Grow Amid Varied Theories

The game of spotting "flying saucers" broadened yesterday to include Massachusetts and Vermont as stories about the disks continued to swirl fully as rapidly as the objects themselves. Explanations of the phenomena ranged from the theory that they were radio-controlled flying missiles sent aloft by U.S. military scientists to the suggestion that they might be merely sun light reflected on wing tanks of jet-propelled planes.

A. B. Cross, of Chattanooga, Tenn., a 34-year-old watchmaker, announced he invented the "flying saucer" and submitted it to the War Department in 1943 but his idea was rejected as not practical "at the present time."

Later, he said, he became convinced that the department elaborated on his plan. His model was powered with a rubber band, Cross said, but he believed atomic power now is being used.

A Spokane, Wash., woman insisted the objects she saw were of such size that together they would take up the space of a five-room house if they landed. But a Clearwater, Fla., woman said the disks she observed resembled "pie pans."

At Rutland, Vt., a woman reported she and her husband witnessed a brilliant object in the night sky which she assumed to be a "flying" (Continued on Page Seven)

MINERS GIVEN 44½-CENT HOUR PAY INCREASE

Other U. S. Producers May Accept Contract To End Strike Threats

WASHINGTON, July 7 (AP)—A new national pattern wage contract for soft coal miners was ratified tonight by the United Mine Workers and the Northern mine operators.

The mine workers voted to resume work in the Northern and "captive" mines tomorrow after the pact, granting a basic 44½ cents an hour wage increase, is officially signed.

The threat of a nation-wide strike was averted although brief suspension of work by 250,000 miners in areas not yet covered by the agreement is certain to occur.

The UMW described the new "national" contract as one that covers the nation and that before any operator in any section of the country can expect union members to work in his mines, he must agree to terms of the national contract.

Benjamin F. Fairless, president of United States Steel corporation, declared he was hopeful that the agreement reached with John L. Lewis will bring "industrial peace in the bituminous coal industry for a long time to come."

Formal signature ceremonies by the United Mine Workers and soft coal operators will take place at the union headquarters tomorrow morning at 10 a. m. (Pottstown time).

The union agreement to the contract terms was announced after a meeting of the union's 200-man policy committee.

Although no formal word came from coal producers of the Midwest, Far West and South, their quick concurrence in the agreement negotiated by the Northern and steel mine operators was freely predicted in industry circles.

The new contract, in addition to providing for a 44½ cent hourly wage increase, was said by industry representatives to include a clause that the miners would work when "willing and able."

Lewis had insisted on this provision as protection against Taft-Hartley labor act penalties for unauthorized strikes.

Lewis, however, receded on his demand that a United Mine Workers representative, with veto power, serve as chairman of the board administering the miners' welfare fund.

The fund henceforth will be financed by a ten-cent a ton royalty on coal mined, instead of the five cents a ton which heretofore has been collected.

The Southern Coal Producers association announced it would not (Continued on Page Seven)

Russia Declares Three Satellites To Snub Meeting on Marshall Plan

PARIS, Tuesday, July 8 (AP)—A Moscow radio broadcast heard in London early today said Romania, Poland and Yugoslavia would not take part in the British-French sponsored conference on the Marshall aid-to-Europe proposal which opens Saturday.

Czechoslovakia was reported last night to have decided, despite Russia's stand on acceptance of the British-French invitation, to attend the conference.

The Moscow broadcast, if confirmed officially, would spark optimism felt here that Czechoslovakia's decision was a possible indication that "Eastern," as well as "Western," European nations would be present at the meeting.

There has been no official statement, however, that Romania, Poland and Yugoslavia, as well as any other country in the Soviet sphere of influence, would decline to participate in the Paris meeting.

A Associated Press dispatch from Prague quoted semi-official circles as saying the decision for Czech participation had been reached at a closed session of the government.

The Moscow radio, quoting a Bucharest dispatch from the Soviet news agency Tass, said flatly the Romanian government had decided not to participate in the July 12 party.

A Tass dispatch from Paris, the (Continued on Page Seven)

Farmers Welcome Rain That Brings Relief to Crops

Heavy rains that began to fall early last night and continued until past midnight brought welcome relief to parched gardens and thirsty lawns around Pottstown, and helped crops of local farmers and fruit growers.

Although the dry spell of several days' duration had not yet harmed any crops, the rain was received gladly by owners of farms and orchards.

C. Rudolph Kulp, a grain farmer, stated paradoxically that the rain was both a blessing and a curse. "We're in the middle of hay making and harvest now," he declared, "and the rain is no good for that. The corn needed it, though, and my tomatoes were helped."

Wheat and barley, both of which are ready to ripen, were not affected one way or the other by the rain, he said.

Instead, the association called a meeting for 3 p. m. tomorrow to study the pact and reach a decision.

"Fairless, in a statement issued at the office of U. S. Steel here said the new contract 'should prove to be highly beneficial to the whole economy of the nation'."

"In my judgment a coal strike at this time would have paralyzed the industry of the entire (Continued on Page Seven)

troopers search in Berks for falling 'object'

READING, July 7 (AP)—Two State troopers were dispatched to the western slope of Neversink mountain, just south of Reading, late tonight, after a score of persons living in the vicinity had reported seeing an "object" fall out of the sky, crash and burn on the hillside.

James Roshin, alderman of Reading's 10th ward, claims he saw a red glow at the scene which persisted for several minutes. Officials at the Reading Municipal airport reported all civilian, commercial and military planes accounted for.

THE WEATHER

For Eastern Pennsylvania. Mostly cloudy this morning, partly cloudy this afternoon with little change in temperature today. Clearing and slightly cooler tonight.

President Truman appealed to Congress today to help solve "this tragic problem" of displaced persons in Europe and let "a substantial number" of them immigrate to America.

His appeal, the latest of a series, was in the form of a message to a Congress trying to wind up its affairs. Chances for action this session were considered slight.

Mr. Truman named no specific number to be let in, nor did he specify the form of legislation he wanted.

A bill by Rep. Stratton (R-III) to admit 100,000 displaced persons annually for four years

Truman Asks Congress to Raise Immigration Law Bars for DPs

WASHINGTON, July 7 (AP)—President Truman appealed to Congress today to help solve "this tragic problem" of displaced persons in Europe and let "a substantial number" of them immigrate to America.

His appeal, the latest of a series, was in the form of a message to a Congress trying to wind up its affairs. Chances for action this session were considered slight.

Mr. Truman named specific number to be let in, nor did he specify the form of legislation he wanted.

A bill by Rep. Stratton (R-Ill.) to admit 100,000 displaced persons annually for four years

is in a House judiciary subcommittee and hearings will be resumed on it Wednesday.

A House Republican leader, however, said three weeks ago there is no chance of congressional approval this year. Also, Senator Revercomb (R-WVa.) has been critical of the proposal and he heads the Senate judiciary subcommittee which would handle the legislation.

Mr. Truman based his appeal on humanitarian grounds and on the argument the displaced persons would make good citizens. He said these people, most of them in displaced persons camps in the West-

ern Hemisphere, are in a desperate situation and need help.

Warren Rex, president, presided at the meeting, attended by all members.

Learning What Makes Car's Motor Tick

A group of the students attending the driving school being conducted at the Pottstown Senior High school look on as Instructor Ralph Thomas, second from left, points out the various parts of the motor on one of the dual instruction cars. The classes, which opened yesterday, will be conducted for the next two weeks at the school.

\$100,851 Budget For Year Adopted By Norco Board

A budget of \$100,851 for the school year 1947-48 was adopted at a meeting of the North Coventry township school board last night.

A real estate tax of 29 mills and a per capita tax of \$7.50, adopted at last month's meeting will be the level for the coming year, according to E. Gilbert Stauffer, president of the board.

Two new teachers were elected to the high school. They are Neal R. Burtner, who will teach agriculture, and Mrs. Jennie C. Savignano, a teacher of commercial subjects.

Burtner, now a resident of Elverson, is a graduate of Penn State where he took both his bachelor's and master's degrees. He has two years of teaching experience at Portersville High school.

Mrs. Savignano, living in Norristown, was graduated from the Drexel Institute of Technology this year, with a major in business teaching. She went through the Philadelphia school on scholarships.

The successful bidder for general art and janitor supplies was L. J. Herr and Son, of Lancaster, it was announced.

Township auditors will make their annual check of the school district's books at 7 o'clock tonight at the High school.

BICYCLE REPORTED STOLEN

Theft of a bicycle owned by Robert Kirlin, of 26 West Fifth street, was reported to police yesterday. The bike was stolen from the rear yard at the rear of his home. The frame is painted maroon with cream-colored stripes.

\$300 Across-the-Board Salary Increase Given Warwick Teachers; Tax Raised 2 Mills

A property tax of 18 mills, representing an increase of two mills over the old rate, was adopted at last night's meeting of the Warwick school board, while the per capita levy was left at \$5.

The increase will be used to meet a \$300 increase in salary for all teachers at the school according to William Montgomery, supervising principal.

The board ended the fiscal year 1946-47 in the black for the first time since 1940. The budget for the next year was set at \$45,152.26 by the board.

The resignations of Walter

Driving School Students Get Tips On Operating Autos at First Class

The first of its kind to be conducted on a community level, the driving school co-sponsored by the Pottstown Automobile club and the Montgomery County Safety council yesterday held its first sessions in the Pottstown Senior High school.

The 40 enrollees of the school all hopeful to become drivers, heard the cold fact that 97 percent of all automobile accidents in the United States last year were the fault of drivers of the vehicles and not due to mechanical failure. The instructors placed primary emphasis on safe protective driving.

To facilitate instruction and to provide the maximum amount of behind the wheel training, the group was divided into two classes at the first meeting yesterday. One group will meet in the morning, while the other is slated for four hours of afternoon instruction.

In the opening session yesterday, the students underwent a brief familiarization course on the function and mechanics of the motor, brakes, clutch, instruments and steering wheel of a car. The class was held outdoors with the instructors pointing out the various parts on two of the dual control cars used in the course.

The indoor classes stressed five basic qualities which go to make a good driver, physical, mental and emotional soundness; adequate information about motors, highways and traffic laws; sound instruction in driving technique; sufficient experience for the formation of safe habits and skills; and proper attitudes of responsibility, sportsmanship and courtesy.

In addition, the class stressed

hand signals and the development of safety consciousness through the formation of good driving habits. Chief among these was the ability to observe the traffic far ahead and to drive accordingly, what the instructors termed defensive or protective driving.

Emergency habits, the habit of attention to the car, to the road, to the immediate traffic conditions and to the pedestrian, also were covered in the intensive session.

The afternoon class, which continued on through the day, went out for its first on the road instruction yesterday afternoon. The driving session was held on the concourse at the end of North Hanover street.

Among those present at the opening class yesterday were O. C. Beacraft, manager of the Pottstown Automobile club, and (Continued on Page Seven)

West End Firemen Vote \$200 to Slow Civic Group

Donations of \$200 to the West Pottstown Civic association and of \$25 to the Second Alarmers of Ardmore, were voted at last night's meeting of the West End Fire company.

William W. Rickett, president, said that the West Pottstown group would use the money to pay instructors at the State playground and that the Ardmore organization to pay for its contributions of coffee, doughnuts, and other aids at large fires.

Seven members were taken into membership while three proposals for membership were considered by the 65 members present.

News Tipsters Have Busy Week; Bramcote Death Story Held Best

A week chockful of news gave news tipsters a heady start this week, but it gave the judges a headache yesterday. They had a hard time deciding the winners.

First prize of \$5—G. B. Manthorne, Spring City RD 1, for the first tip on a death at the Bramcote hotel.

Second prize of \$3—Mrs. Edna Renninger, Fredrick, for information on an attempted robbery.

Third prize of \$2—Frank Almond, 28 Berks street, Stowe, for a tip on a swimming accident at Kirkwood, Chester county.

The past week developed one

of the largest list of entries in the news tip contest. Scores tried for the weekly prizes of \$10. Those who failed to win the past week will have another opportunity this week, as another week's contest starts today.

The Mercury invites readers to telephone in news tips. This includes accidents, weddings, personalities, in fact, anything of interest. Phone the tips to the city editor, The Mercury, Pottstown 2263.

Others who telephoned in tips were: Mrs. Gladys Eisenmeyer, 560 High street, Miss Edith Keeley, 28 High street; Betty Young, 558 Walnut street; Mrs. Robert Hart-

Auto Skids, Motorist Is Seriously Injured; Crashes Hurt Others

Driving rains caused a number of accidents in the Pottstown area last night, some of the motorists involved escaping with barely a scratch while at least one was hospitalized in a critical condition.

Doehler Grants Wage Boosts Of 12 to 19 Cents

Approximately 1600 employees of the Doehler-Jarvis corporation here will receive pay raises ranging from 12 to 19 cents an hour, six paid holidays a year and a pension plan under a new two-year contract negotiated by the Mine, Mill and Smelter Workers union (CIO), Howard Bartholomew, plant manager, said yesterday.

The new agreement, which was concluded by union and management officials for plants in Toledo, Ohio; Chicago and Batavia, N. Y., affects a total of about 5000 workers.

The union bargaining committee agreed, in return for the pay advances and pension plan, to dismiss five partial-to-total suits asking more than \$4,000,000. Peter Zvara, director of the Toledo union and head of the MMSW's national Doehler council, said.

The contract which provides a 5-cents-an-hour increase between Mar. 1 and Mar. 31, 10 cents between April 1 and July 21, and 12 cents thereafter eliminates differentials in wage scales paid Toledo employees and those working at the firm's other three plants, or an overall average increase averaging about 19 cents an hour, Zvara said.

Pay for six paid holidays, including July 4, is based on hourly rates. Under the pension plan, the company will match equally all benefits an employee receives from social security when he reaches the retirement age of 65.

Basil Sevast Dies; Retired Confectioner

Basil Sevast, 62-year-old retired confectioner, died in Pottstown hospital Sunday afternoon following a long illness. His home was at 29 High street.

Born in Greece, Mr. Sevast came to this country at an early age and was a resident of this section for 42 years. He conducted the Candy Kitchen on High street for 35 years.

Surviving are his wife, Hariccia (Stavroul), three sons, Ulysses, of Hildale and Christopher B. and Basil Jr. at home, two brothers, Christ, of Reading and James, of Greece, one sister, Arzel, in Greece, and one grandchild.

Funeral services will be held tomorrow afternoon at 2 o'clock from the Greek Orthodox church, Pottstown. Officiating will be the Rev. Samuel Eummanthel, pastor of the Reading Greek Orthodox church. Interment is to be made in Edgewood cemetery.

Linfield Fire Company Admits 16 Members

Sixteen members were admitted to the Linfield Fire company at last night's meeting. President C. V. Miller announced.

The group also accepted an invitation to the Lansdale Firemen's parade and housewarming celebration on Aug. 22.

Reds Bar Giving Atom Bombs To U. N. Global Police Force

LAKE SUCCESS, July 7 (AP)—Russia late today spiked a suggestion for handing over the world's supply of atomic bombs to the United Nations proposed police force.

Andre A. Gromyko, Soviet delegate, told the U. N. atomic energy commission's working committee that anything short of outright destruction of the A-bombs would contradict previous U. N. decisions and could not be accepted.

The United Nations provides prohibition of atomic weapons without any reservations," he said. "It is too late. We cannot deviate from that decision."

Gromyko took the floor in the first open meeting of an atomic committee in U. N. history to reply

War Would Doom United States Without Unified Forces—Lodge

WASHINGTON, July 7 (AP)—Senator Lodge (R-Mass.), a World War II ground forces officer, told the Senate today that in the event of another war the United States will be "doomed" unless the armed forces are unified beforehand.

Joining Senator Gurney (R-SD), chairman of the armed forces committee, in "reaffirming predictions of the way any future conflict will start," Lodge declared:

"Without unification we are doomed by the nature of future war, the first effect of which will be to dismantle us tactically."

The two Republicans opened debate on the "National Security act of 1947," which is on the Republican "must" program for this session of Congress.

Early arguments produced no indication of numerically strong opposition to the bill, which has been amended slightly since it was received from the White House the past February.

Senator Robertson (R-Wyo), however, who has been battling what he called "merger proposals" for two sessions, made a long opposition speech. Robertson has prepared 11 amendments to the bill which was approved by the armed services committee 12 to 0 at a time when Robertson was not present.

Robertson contended that the bill proposed "merger" of the armed forces and was chiefly supported by the War Department's general staff.

He said he fears that the top Army staff is closely following the "formula by which the German general staff gained control of that nation and brought on two great world wars."

"The real intent of this bill is to create a vast new military empire," Robertson said, "one in which ambitious men will wield greater power over the military establishment than has ever been heretofore granted to non-elected individuals, and one which will yield untrammelled power over the entire social and economic structure of the nation."

He said that the proposed central intelligence agency under the bill "has all the potentialities of an American Gestapo."

Gurney explained that the legislation would establish a single secretary of national security in the cabinet who would supervise and coordinate Army, Navy and Air Force departments, each with its own secretary who would not have cabinet rank.

House Body Votes Earlier Cashing of Terminal Bonds

WASHINGTON, July 7 (AP)—The House unanimously passed and sent to the Senate today a bill permitting 9,000,000 holders of GI terminal leave pay bonds to cash them after next Sept. 1.

The vote was 386 to 0.

Passage came after brief debate in which Republican Leader Hallett of Indiana speculated that "We may meet another veto" from President Truman.

The Treasury department has opposed cashing the bonds as inflationary.

Saying that the Democratic national committee has urged Republicans for not acting on the bill, while the Treasury has come out against it, Hallett commented:

"I don't know what side of the street Mr. Truman is working."

Senator Wherry (R-Ind.), Republican whip, predicted quick Senate approval of the bill.

"I want to see it passed at this session," Wherry said. "I am speaking as an individual senator but I expect the Senate leadership to agree to take it up and pass it."

The House-approved bill will go to the Senate armed services committee, which will start hearings Wednesday.

Rep. Brooks (D-La.) estimated the legislation will save \$200,000,000, or at the rate of \$50,000,000 annually, in interest.

The legislation would permit—but not require former GIs to cash the bonds at face value plus accrued interest through local banks any time after Sept. 1. The estimated face value of the outstanding bonds is \$1,800,000,000, and the House armed services committee said it expects about \$1,000,000,000 of them to be cashed.

Crippled Girl Hopes for Miracle

PITTSBURGH, July 7 (AP)—Twelve-year-old Sally Ann O'Leary, hoping hard for a "miracle" to straighten her crippled legs, today started on a 3000-mile air journey to the shrine of St. Bernadette at Lourdes, France.

Sally Ann was one of a group of 31 persons flying to Lourdes in an airplane to the shrine.

The group, under the leadership of the Rev. James R. Cox, later transferred to a TWA Constellation at New York. The plane will stop at Gander, Newfoundland, and Shannon, Ireland, arriving in Paris tomorrow.

Sally, crippled since birth, has been told by doctors she will never walk normally.

SURGEON PASSES

OVERBROOK, July 7 (AP)—Dr. Warren B. Davis, 65, well-known physician and surgeon long active in the field of plastic and reconstructive surgery, died today at his home.

CONGRESS TOLD TO DEPEND ON UNITED NATIONS

Foes of Training Plan Urge House Unit to Check Importance of Military

WASHINGTON, July 7 (AP)—Opponents of universal military training urged Congress today to put more faith in the United Nations and in diplomacy, and to de-emphasize military might.

Opening the attack after several days of testimony by advocates of peacetime training legislation were J. Henry Scattergood, Philadelphia businessman speaking for the Greater Philadelphia committee against Peacetime Conscription, and Mrs. Alexander Stewart, Chicago, national co-chairman of the Women's committee to Oppose Conscription.

They testified before the House armed services committee. The committee also announced receipt of a statement from Joseph Daniels, Raleigh, N. C., publisher and former secretary of the Navy, opposing the universal training program recommended by President Truman's special commission.

The only supporting voice during the day's hearing was that of Mrs. Norton H. Pearl, Detroit, national president of the American Legion women's auxiliary.

Scattergood told the committee the United Nations "is still the hope and must be the preponderant purpose of humanity."

For the United States to embark for the first time upon a program of peacetime conscription, Scattergood said, would be to advertise our lack of faith in the United Nations and to tell other nations "that we finally and unequivocally don't trust them."

Universal training legislation, he said, would lead to dominance of our government by the military, and would inculcate in American youths the philosophy of "authoritarian discipline" and "rule by force."

Real security, he said, best "can be attained by a positive, courageous American policy of strengthening the United Nations."

Asked by Rev. Gavin (R-Pa.) "How could we get Joe Stalin to co-operate with the United Nations program?" Scattergood likened Stalin to "a trader doing what he believes is in the best interests of his people."

If necessary, Scattergood said, he would favor forcing Russia to disarm.

Joan Blondell and Hubby No. 3

Movie Star Joan Blondell, 36, and producer Michael Todd, 39, dine in Las Vegas, Nev., after their surprise wedding. The couple left soon after for an unannounced destination. The actress was formerly married to cameraman George Barnes and actor Dick Powell. She has a child by each. Todd's wife, Bertha, died last August of a heart attack while undergoing a minor operation on a cut tendon in her hand.

BROADWAY PLAY TO FOLD

NEW YORK, July 7 (AP)—"Life With Father," the longest running play in the history of the American theater, will close Saturday night, July 12, at the Alvin theater after 3205 performances.

Canned Music May Be Halted By AFM Union

WASHINGTON, July 7 (AP)—James C. Petrillo, president of the American Federation of Musicians, said today the union plans to call a halt to members making phonograph records and broadcasting over radio networks.

Petrillo, called on the congressional carpet for past actions, explained that his plans for the future are grounded on the belief that musicians don't get their fair share of entertainment money.

"As of now," he told a House labor committee, he plans to end members making records Dec. 31. The ban on network broadcasting, if it stands, would take effect Feb. 1.

And if it's legally possible, Petrillo said, the union itself may make and market musical recordings.

During the afternoon session, Petrillo softened his stand this much: "I'm in hopes that somewhere along the line," he said, "we won't have to do the things I said we'd have to do this morning."

Petrillo was the first witness in an investigation into what Chairman Representative Keams (R-Pa.) called the "dictatorial powers" of Petrillo over his union and the music industry.

Keams said in a formal statement that Petrillo's union has "Required the theater owners throughout the United States" to employ standby orchestras "they did not need, want or use."

"Dictated" to broadcasters the amount of money they should spend for music.

Rep. Jones Denies Black Legion Tieup

WASHINGTON, July 7 (AP)—Two members of the Black Legion swore today that Rep. Robert F. Jones (R-Ohio) joined the hooded organization at a flashlight ceremony in 1938, but Jones flatly denied this and six character witnesses lauded him as a fair and tolerant man.

The conflicting testimony came as a Senate subcommittee hearing on President Truman's nomination of Jones to be a member of the Federal Communications commission.

One of the self-described Black Legion members was Frank A. Barber, police chief of Beaver Dam, Ohio. He testified under questioning that he was committed to a hospital for the insane for 61 days in 1922 but said this was the result of "a frame-up." He acknowledged also that he once was jailed for "shooting a guy" in Hammond, Ill.

The other witness who said Jones became a member of the legion, Glenn E. Webb of Lima, Ohio, testified that he (the witness) in 1942 forged 19 payroll checks totaling \$653.86.

Sensors questioned the witnesses closely on their own records.

An affidavit produced by Senator Brewster (R-Me.), alleged that still another witness against Jones 74-year-old Virgil Efinger of Lima, was convicted of contempt of court in 1940 and sentenced to two months in jail and ordered to pay a \$200 fine.

Rep. Jones Denies Black Legion Tieup

WASHINGTON, July 7 (AP)—Two members of the Black Legion swore today that Rep. Robert F. Jones (R-Ohio) joined the hooded organization at a flashlight ceremony in 1938, but Jones flatly denied this and six character witnesses lauded him as a fair and tolerant man.

The conflicting testimony came as a Senate subcommittee hearing on President Truman's nomination of Jones to be a member of the Federal Communications commission.

One of the self-described Black Legion members was Frank A. Barber, police chief of Beaver Dam, Ohio. He testified under questioning that he was committed to a hospital for the insane for 61 days in 1922 but said this was the result of "a frame-up." He acknowledged also that he once was jailed for "shooting a guy" in Hammond, Ill.

The other witness who said Jones became a member of the legion, Glenn E. Webb of Lima, Ohio, testified that he (the witness) in 1942 forged 19 payroll checks totaling \$653.86.

Sensors questioned the witnesses closely on their own records.

An affidavit produced by Senator Brewster (R-Me.), alleged that still another witness against Jones 74-year-old Virgil Efinger of Lima, was convicted of contempt of court in 1940 and sentenced to two months in jail and ordered to pay a \$200 fine.

U. N. Probers Assail Jewish Agency Head

JERUSALEM, July 7 (AP)—David Ben-Gurion, chairman of the Jewish agency executive, was accused today by one head of the United Nations special committee on Palestine with attempting to soft pedal the Jewish-Arab conflict in presenting the Jewish case to the UN group.

Ben-Gurion denied the charge and asserted the Jews were prepared to "take care of ourselves" if attempts to iron out differences with the Arabs failed.

The statements were made during a spirited cross-examination of Ben-Gurion by members of the UN committee who have been listening to Jewish demands for creation of a Jewish state in Palestine.

99 Persons Hurt In Train Collision

CHICAGO, July 7 (AP)—Ninety nine passengers—including several major league baseball stars—were injured, most of them only slightly, in a train collision south of Chicago's loop area late today.

About 125 others aboard a Baltimore & Ohio train, the Shenandoah, were shaken up when it rammed into a switch engine near Grand Central station.

None of the baseball players in a Philadelphia Phillies group was injured seriously but Mrs. Ben Chapman, wife of the Phillies manager, was hospitalized for treatment of shock.

About 14 passengers were treated briefly and released at the station. Twenty-five others were treated at a hospital and two were admitted. One of the five, O. M. Livingston, a Negro porter of Lincoln, Ark., was reported in serious condition.

Police reported "Serious" case of the Phillies was treated unconscious for a brief period, while infielder Emil Vetter, also of the Phillies, was shaken up. Vetter's manager said he would be ready to play for the National League A-Team against the Cubs of the American League tomorrow row afternoon at Wrigley field, Chicago.

Circuit Tests Cause Fire Alarm Blasts

Borough residents who were frightened by two blasts of the fire alarm at noon yesterday may rest easy. It was just Borough Electrician William H. Price checking his circuits.

But, Price warned, be prepared for more at noon today and throughout the week.

Instead of the usual Wednesday noon test, Price will be testing alarm boxes at noon throughout the week to determine if the alarm wires have been broken or short-circuited by the shade trees.

Except for the two tests, the alarm will be silent from Monday through Friday, but on Saturday, the horn will be connected and the full blasts will be heard.

Price explained yesterday that the rapid growth of the shade trees have interfered with the wiring system causing incomplete or no calls at all to be registered at the borough hall and the fire houses. At present he is checking to determine where the interference is located and then is trimming the trees around the wires.

Noble Grand Leonard Dersh presided.

Rotarians Here to Attend Meeting at West Chester

Three members of the Pottstown Rotary club will attend the annual district assembly of the 179th district of the Rotary club tonight at West Chester State Teachers college.

They are Karl Schumacher, president; Hilary Missimer, secretary; and Andrew E. Vaughan Jr., past district governor.

The assembly will be under the direction of the new district governor, Charles S. Swope, president of the West Chester State Teachers college. The 179th district is composed of 53 chapters of the Rotary club.

Operation Is Success Despite Light Failure

PATERSON, N.J., July 7 (AP)—When a power failure plunged the operating room of St. Joseph's hospital into darkness last night, a surgeon held a patient's severed abdominal artery for 30 minutes until the hospital's lighting system was put into operation.

Dr. V. W. Giudice, who was performing an appendectomy, assisted by Dr. Francis J. Brogan, had made the incision in the patient's abdomen. Just as the operating room went dark, Dr. Giudice noticed that blood was spurting from the incision. Dr. Giudice located the artery in the darkness, holding it while nurses brought flashlights and candles.

The light was still too dim to proceed with the operation. Working carefully so as not to halt the flow of blood in the patient's body entirely, the surgeon clasped the artery to prevent further loss of blood.

The surgeons successfully completed the operation after the emergency lighting system was started, and the 65-year-old patient was said to have suffered no ill effects.

\$60,000 FOR HOSPITAL

DEVON, July 7 (AP)—A total of \$60,000 was raised for the Bryn Mawr hospital by the Devon horse show and country fair, which was held May 27-31.

Hep Cats, Wanna Dance! Tomorrow Night Is Date, Lincoln Playground, the Place

By MARY LOU FURNELL
Supervisor of Lincoln Playground

C'mon, all you hep cats—want to cut a rug? Like to swing and sway to the music of your favorite name band? Well, all right, then—just beat feet to the Lincoln playground tomorrow night from 7:30 to 10 o'clock, where the Pottstown Recreation commission is sponsoring the first of a series of twilight dances for one and all, with no admission charge.

Yes, sir—the sky's the limit—and it really is, for the twilight dances will be held out-of-doors on the playground with the stars as the ceiling and a special air conditioning unit provided by good old Mother Nature herself. Record music will be amplified over the dance grounds by means of a public address system.

With specialty numbers galore on the program, it should be a cinch to really "bring home the bacon." Anyone is eligible to take part in all of them—spot dance, spoon dance, elimination dance, balloon dance, and a score of others—Who could miss with all these chances?

There'll be plenty of fun for one and all, both young and old. So, Junior—hop right over to the gal-friend's house and make it a special date for the twilight dance tomorrow night. And while you're at it, bring Mom and Pop along as well. (Don't forget—they used to cut a pretty fancy rug in their day, too—and who knows but that they can still step it out!)

Other twilight dances will be scheduled at Rupert playground on July 14, at St. Clair playground on July 22, and at Manalawny park on July 30. Any signed member from any playground and his friends may attend the twilight dances.

Soda pop rickey for all the gates and their dates will be available at the dances to cool off when the heat's on.

If Ol' Man Gloom brings rain, laugh it off, there'll be another dance at another playground the following week. Sorry—we can't work in rain dates for this part of the program.

Young Scavengers Find Their Booty

Youngsters participating in the playground program of the Pottstown Recreation commission at Manalawny park yesterday ferreted out such articles as left baby shoes, Indian head pennies, and four leaf clovers as they competed in a scavenger hunt.

Divided into age groups under and over 10 years of age, the boys and girls took only an hour to find the articles listed for the hunt.

The program, under the direction of Esther Morrison, supervisor, and Helen Gabel, her assistant, began at 1 o'clock yesterday afternoon. Each age group was provided with its own list of ten articles. Two teams of children under ten returned with all the articles listed, while the winning team over ten could find only eight.

The winning teams, who won free soft drinks as their prizes, were:

Under 10 years old: Shirley Gano-wax, LeRoy Heister, Priscilla Heister, Robert Trojanowski and Paul Lessig.

Over 10 years of age: James Woodfall, Joseph Schurz, Roland Smith and Rosemary Trojanowski.

Others participating in the hunt were: James Schade, Billy Schade, Marvin Wade, Jimmy Mort, Dennis Kulp, David Smith, Thomas Moyer, Gerald Worrall, Harold Worrall, Charles Lessig, Paul Worrall and Valentine Celani.

Goldfish Bowl lottery for remaining units of the Japanese navy is conducted among Allied powers at Tokyo with Capt. V. N. Surtees pulling a slip for the Royal Navy.

TREASURY BALANCE

WASHINGTON, July 7 (AP)—The position of the Treasury July 2: Receipts \$141,573,093.42; expenditures \$155,156,514.86; balance \$2,935,553,027.01; total debt \$258,208,890,533.02; decrease under previous day \$1,737,756.37.

8 Autoists to Get Traffic Summonses

Summonses will be sent to eight alleged violators of traffic laws by Justice of the Peace Richard H. Cadmus, of the Seventh ward.

Following six violations were reported by Patrolman Robert Houser:

Robert Harriman, 247 High street, ignoring stop sign at Franklin and King streets, on Sunday at 9:35 p. m.

John E. Ritter, Norristown RD2, motorcyclist, passed red traffic signal at High and Madison streets on Sunday at 11:05 p. m.

Paul W. Panco, 124 South Franklin street, passed red traffic signal at High and Madison streets on Sunday at 12:05 a. m.

Howard M. Mountain, 166 Rowland street, passed stop sign at Rohland and Queen streets Sunday night at 11:14 o'clock.

Rachel M. Lorch, 1333 South street, ignored stop sign at Rohland and Queen streets on Sunday at 11:23 p. m.

Irwin H. Kelley, Graterford, failed to halt at King and Manalawny streets for an officer's signal on July 4 at 9:45 p. m.

Patrolman Stanley Borowy is the complainant in the following cases:

E. Pauline Rimmel, Roserford RD1, passed red traffic signal at High and Madison streets the past Thursday at 4:10 p. m.

Earl P. Whealey, 538 Bridge street, Spring City, passed red traffic signal at High and Madison streets the past Thursday at 3:55 p. m.

Power Politics
Don't Right Wrongs
Letters must not be more than 250 words long, of current topics and must not involve personalities. Name and address of writer must be submitted as evidence of good faith but will be withheld from publication on request. Poetic, and communications advocating the election of political candidates are not acceptable.

Railway Brothers
Tiff Over Whitney
By RAY TUCKER
WASHINGTON, July 7—Pierce, internal dissension has broken out within the nation's tightest and most conservative labor organization—the Railway Brotherhoods—over the political friendship which A. P. Whitney, head of the powerful union's group, has struck up with anti-Truman leftists.

50 Years Ago
July 8, 1897
SALESMAN—H. Wesley Guldin, a former salesman in Evans' book store, is now a traveling representative for M. J. Earl, of Reading. Guldin covers his country route by bicycle.

LUXURY—Birds in Boyertown, no doubt plagued by the housing shortage, have resorted to the use of a brand new construction material to build their precious little nests. But their ingenuity almost cost Mr. and Mrs. Harry H. Stummel, 30 South Reading avenue, \$13 dollars. It all happened when two eager beavers of the bird world set out to take that amount of Stummel's money—two five dollar bills and three ones, to build themselves a little love nest. Stummel was sitting in his back yard on a bench counting his cash and trying to get it into one pocket. He had the \$13 in bills, plus some change, in his vest pockets. The breeze was stiff and the bills were in danger of blowing away so Stummel tucked them carefully under his leg as he sat counting the change.

History is but a kind of Neugate calendar, a register of the crimes and miseries that man has inflicted on his fellow-man.—Washington Irving.

Rules For Motorbikes
BECAUSE BICYCLES can be operated legally by anyone old enough to push pedals, many persons may be under the impression that the same rule applies to the new motor-driven bike which has become increasingly familiar on Pottstown's streets.

Would Remove Causes of Revolution
To the Editor: Society's first interest today should not be in Communism and other forms of totalitarianism, but with their causes and how to remove them. With the richest democracy the world has ever known spending three times as much for alcoholic beverages as it does for education, while little children starve in other lands, we scarcely need to look further for the cause of the world's various forms of social revolution.

SHOCKED: Although the railroads likewise resented the presidential interference, they were shocked by the Whitney outburst. They rarely have participated in politics as a unit, and take pride in their reputation as one of the country's most responsible labor organizations.

Bridge
By SHEPARD MARCLAY
Must Unblock Early
UNBLOCKING of a suit, as the only means of making a contract, is a whole lot easier to understand late in the play than on the first trick or two. But by then it is likely to be too late. Some situations require foresight which only the extremely keen and forward looking declarer is able to apply. That is especially true if he is up against skillful defenders, who will not help him the slightest, but compel him to do all his own work.

25 Years Ago
July 8, 1922
BALL PLAYER WEDS—Edward McEvoy, son of Mr. Timothy McEvoy, 330 Spruce street, and Miss Martha Ryan, daughter of Mr. and Mrs. Joseph Ryan, Stowe, were quietly married today by the Rev. Edward A. Lyons, rector of St. Paul's Catholic church, Douglassville. McEvoy is one of the star players on the Stowe A. C. baseball team.

FORGETFUL—Everything was fine, except that when he got up to leave, he forgot to take the bills with him. A few minutes later, Mrs. Stummel heard the pleasant twitter of birds—two starlings—who no doubt were telling each other, "This ain't hay," as they eyed Stummel's \$13. Just as Mrs. Stummel got to the bench where the birds and the cash were, one of them picked up the neatly folded bills in his bill and was about to fly away. But the starling became frightened and dropped the money, thereby saving the Stummels \$13. Mrs. Stummel retrieved the cash.

For Fifty Stars
FIFTY stars in the flag by 1948!
The impressive vote of 196 to 133 by which the House passed the bill conferring statehood upon Hawaii presages like action by the Senate and later passage of the similar bill for Alaska.

A Lousy Deal, He Says
To the Editor: The race is on among European nations for endless billions of dollars of American money. Now American dollars are dropping like manna all over Europe. Tossing money around like a drunken sailor, without any real guarantee we'll ever get a nickel back, is expected to keep United States business running in high gear. It will, as long as the spree lasts.

REACTIONARY: Whitney's associates charge that he has organized a personal political machine within the Brotherhoods, and that he has staffed it with alleged Reds at fairly high salaries. It also is asserted that most of these newcomers were drafted from outside the ranks of the labor movement.

In Hollywood
By JIMMIE FIDLER
HOLLYWOOD, July 7—It is always a jolt to my common senses when an actress, highly successful in her screen portrayals, suddenly decides to explore new fields.

GOES ABROAD—Maurice P. Shaner, of Washington, D. C., is in Pottstown visiting his family and friends while en route to New York City. He will sail tomorrow for Europe on the S. S. President Harding. Shaner, a law student at George Washington University, will handle some legal matters for the U. S. Government at The Hague.

CHAMPION—Wayne Richards, 493 Farmington avenue, picked a basketful of string beans the past Tuesday and another basketful Thursday. He claims he beats Mrs. Hartman of Boyertown, who was mentioned in the "Around the Town" column Thursday. . . . Kiddy Kracks are dangerous because you print the bright saying of one youngster and proud parents flood you with gems from their offspring. This one seemed worth recording, however. The mother of a tot was unable to understand the words the little girl was saying in her prayers. "I can't make out what you're saying, dear," the mother said. The little girl looked up long enough to say, "I'm not talking to you."

Both territories have earned statehood. They were considered "outposts" at the beginning of the war with Japan. Both were scarred by enemy attack. They served faithfully and contributed to the fighting strength of the nation. Sound strategy suggests that they now be incorporated in the Union as full-fledged members.

Labor Has Come Long Way
To the Editor: Right now labor is on the pan and the subject of much criticism, but it has been a long hard road from the days of 12-hour work in the steel mills, unsafe mine management, and many evils fought by unions.

REVOLT: The hard fact which the regular Democratic organization admittedly faces now, less than a year before the meeting of the two national conventions, is that the rag-tag-bottai organizers of a third, anti-Truman party are on the march and preparing to close ranks.

Funny bidding, with a timid North, a venturesome East and an ambitious South. But it luckily landed South in a contract he had a chance to make. Though he had eight set-up tricks, game would have been impossible at No. Trumps for either himself or his partner if each time West got the lead with a heart he returned a club.

ACCIDENT—Kathryn Houck, 16, of 15 East Fourth street, was injured about the head and arms yesterday afternoon when she was struck by an automobile on her way home from work.

PRICES ARE DUE to drop during the rest of the year, according to the New York Journal of Commerce, business newspaper, and a new analysis of the price situation reveals that prices will probably decline about 20 percent during the next 12 months. Adjustment will be orderly, though, and not marked by the panic conditions that exaggerated price declines after World War I. . . . Contrary to popular notion, "gifted" children, those with an I. Q. of more than 135, are on the average large for their age, well developed and excel in many personality traits with potentialities for distinguished achievement in life.

There are arguments against statehood for either territory. There has been some opposition to the admission of every state since the original 13. The objections to Hawaii and Alaska are similar to the protests from the Eastern seaboard against Jefferson's Louisiana Purchase: The diatribes of 1803 against the uncouth frontier have long since been forgotten. Objections to statehood for Hawaii and Alaska will fade even faster.

"So we furnish them carfare to and from Sunday school. In addition, we offer \$5 to each Sunday school student, child or adult, who has a perfect record of attendance, and \$250 to those who have missed only once during the year."

Under the banners and boomerangs of Wallace, they have ripped and yelled, and uttered such bombastic threats against the Democrats and Republicans in control of the White House and Congress, respectively, that they will lose face forever with the American people, if they do not go through with their revolt.

Wally Beery is the proudest papa in town. His 16-year-old Carol Ann is showing great promise as a concert pianist. . . . Now that the summer indentment is in temporary control, I'll let you in on some choice stuff I heard of yesterday in Westmore's beauty salon, that no-man's-land where even your dainty feet dare not tread. Guess what secrets Lana Turner, Loretta Young and Marjorie Reynolds were whispering back and forth while they were getting the glamour treatment. Baby formulas! No foolin', the chatter among the siren set is strictly domestic. What a letdown!

TOPS in Town: The King Cole Trio's disc, "Can You Look Me in the Eye?" . . . Hot Chinese dishes in cool Ruby Foo's . . . Harry Clark's comic characterizations in "Call Me Mister" (and he hasn't missed one of the 508 performances!) . . . Jack Smith's amusing patter, "The Turntable Song" . . . Richard Basehart's portrayal of the mad poet in "Rebel Performance" . . . The Sande Williams band's rhythms at the Sheraton's Skyline Roof . . . Copey and Ayres dancing "Red Silk Stockings, etc." at the Copa.

ADOPTER—With three children of her own, Mrs. Samuel W. Morris, Pughtown, has "adopted" a fourth, a five-year-old Italian boy, Antonio Lepori, of Rome, Italy, under the Foster Parents' Plan for War Children. Interested in relief organizations, Mrs. Morris said yesterday the great need existing abroad prompted her actions. "When you think of how much we have here compared to the little that they have in Europe, we should all try to do something for them."

Little states like Vermont and New Hampshire, and sparsely peopled states like Nevada and Wyoming, have actually made up for their small populations by sending better than average senators to Washington.

"One very poor family furnished three children to this perfect attendance group. Moreover, the youngsters are motivated greatly by this reward method."

They begin to realize that they have jockeyed themselves into this dilemma even though numerous key leaders never had any intention of walking out.

Of course, a club lead to the second trick would scotch this plan, but West could hardly make that switch after East's spade bid.

Warner Brothers are hoping word of the big romance on their lot won't reach the public ear—or the headlines. It involves two of their biggest stars, one of them a regular feature on the front pages. . . . Temple Texas, the tall showgirl, is having landlord trouble, and vice versa. He served her with a summons for allegedly "damaging the furniture" . . . Despite denials, Tom Clark is set to step down and out as U. S. Attorney General when "conditions permit" . . . The estranged Mrs. Brad Dresser is dream-eyed over Peter DeVoe. . . . Ted Strong of Celebrity Service is on the mend at New York Hospital after a serious case of malaria. . . . Tip to the law: The gentleman who would know most about the private affairs of Virginia Hill is a Mr. Epstein of Chicago, present whereabouts unknown. He is a mysterious combination of bodyguard and banker for Miss H., and the two have been platonically inseparable for years through all her escapades.

Children who have good eating habits are usually from homes where the meals are served without any nagging or fussing, and where the child learns to eat like the others just because it is the ordinary thing to do.

There are arguments against statehood for either territory. There has been some opposition to the admission of every state since the original 13. The objections to Hawaii and Alaska are similar to the protests from the Eastern seaboard against Jefferson's Louisiana Purchase: The diatribes of 1803 against the uncouth frontier have long since been forgotten. Objections to statehood for Hawaii and Alaska will fade even faster.

"I believe many business men and women could sponsor the same plan in other communities. Last year we had 31 prize winners of the \$5 or the \$200."

Even if they muster only 10 percent of the vote in electorally important commonwealths—and the usual percentage for a third party ranges between 8 and 17 percent—they can insure the election of almost any Republican nominee.

What simple principle of play is vital to South's 3-No Trumps contract if West leads his club Q against it?

A prominent movie executive is Pat Dane's substitute for Tommy Dorsey. . . . The town's premiere shock to the eye is the cravat Renee Carroll had made for Manny Reiner of the Seizick staff. Huge gold letters on the tie read: "I Won This from Renee at Gin" . . . The author of a recently banned best seller is having ex-wife troubles, too. She's after him for her last three alimony payments. . . . When Winnie Sullivan, the pretty non-pro, becomes a bride, she won't change her name—just the "Miss" to "Mrs." Her groom will be Danny Sullivan, the attractive singer at Leon & Eddie's. . . . Are Joan Leslie and trumpeter Leonard's "Sweet Little Romance" Arthur Murray's twin daughters came to town from Sarah Lawrence College to collect data on the charges that their dad is unfair in collective bargaining—so they can debate the issue on the campus.

There are three things which may be helpful in overcoming the bad eating habits, and here are two most important ones. The child should be served only small portions at a time. A plate piled up with foods of one type or another, discourages the child from eating and takes away his appetite. It is better to have a child ask for more, than to give him too much to start with. Above all, the parents should not be concerned about the child's starving, for he will eat as much as he needs.

There are arguments against statehood for either territory. There has been some opposition to the admission of every state since the original 13. "Many of them would never have heard a word about selfishness and the Golden Rule as a code of conduct, except for their Sunday school lessons."

Quite naturally, after almost two years as head of the world's greatest state, he has begun to feel and exercise his power. He exhibited this tendency in his sharp vetoes of the tax reduction and labor measures, and in his denunciation of the so-called "real estate lobby." With understandable exasperation, he has modified his original get-firm attitude toward Moscow policy.

Council Supports Community Ambulance In Royersford; Firemen Cite Advantages

Representatives of Friendship Fire company attended the July session of Royersford borough council last night, to ask approval of a movement to acquire a community ambulance for Twin Boroughs.

Paul Iselt and Fred Pennypacker, of the fire company, explained a movement to secure an ambulance was suggested at the fire company's recent meeting and they were delegated to present the matter to council for an opinion.

Burgess Ralph H. Landes said he had already conceived the idea of a community ambulance and had gone so far as to suggest the matter to local service clubs for their sponsorship before the suggestion was announced by the fire company. The burgess added that a life could be saved in the time required to bring an ambulance to the Twin Boroughs from Pottstown or Phoenixville, and also explained that in the event of an accident, the police here would not be able to conduct an investigation and furnish transportation to a hospital at the same time.

Councilman Warren Engle remarked that a case had just been called to his attention in which a patient would have been saved by the expense of several ambulance transports, if it had not been necessary to wait for an ambulance to arrive from out of town, to provide transportation to a hospital.

At the conclusion of a discussion in which individual members evidenced their approval, council decided on motion of Councilman John Freed that it go on record to support the movement as far as possible to acquire a community ambulance.

Street Commissioner Alvin Harley reported the following activities for June: Streets patched, some and trash hauled, Fourth avenue, between Spring and Green streets graded on the north side; three driveways completed, culvers and sludge hauled, weeds hauled in 12 lots and work started on street re-

composed of five members, it was suggested by R. C. Koch that a special ballot be added at general election in November to determine if the people of Royersford desire zoning legislation and the setting up of a commission to hold hearings and make necessary recommendations to council.

Following general discussion, Koch's suggestion was endorsed and it was decided that the voters be given this opportunity to express their opinions concerning zoning legislation.

Warren Engle, chairman of the sewer committee, reported that fees for additional plumbing fixtures connected to sewer system during June amounted to \$227.50. It also was reported during June four permits were issued, five laterals approved, nine connections made, making a total of 837 connections to date of 889 percent completed.

Balance in the Borough treasury, according to the report of O. H. Moyer, treasurer, on July 1, was \$29,317.51.

Report of Daniel J. Mowbray, tax collector, was submitted showing collections totaling \$12,924.79, leaving a balance outstanding July 1 of \$33,564.40.

In reply to notice received from the borough secretary to repair crossings on First avenue, signs of the Pennsylvania railroad a communication on was received stating that work would be done in the near future. Two building permits also were issued during the month.

Six Summonses Issued For Traffic Violators

Summonses were issued yesterday for six motorists, five of whom are charged with ignoring Stop signs and one, operating on the wrong side of the road in Royersford. Motorists to be summoned, in information of Officer Nicola Seisio, are:

John E. McCann Jr., Royersford, operating on wrong side of the road, and the following Stop sign violators:

F. Arden Kneckner, RD 1, Collegeville, Mrs. Rose Marie Nattie, 664 Walnut street, Royersford; Robert W. Bender, RD 2, Phoenixville; Richard P. Peoples, 600 Church street, Royersford, and Kenneth Smith, 102 Biddle road, Paoli.

Spring City Couple Weds in Maryland

Ruth Yeager Bachka and Paul L. Helmle, both of 79 Church street, Spring City, were united in marriage at Frederick, Md., Saturday at 3:30 o'clock by Dr. Raymond E. Wilhelm, former pastor of Spring City First Evangelical and Reformed church.

They were unattended and the bride was attired in a white dress with white accessories and wore an orchid corsage. The couple left

Peggy Lou Fry Bride Of Phoenixville Man

Miss Peggy Lou Fry, daughter of Mr. and Mrs. Charles L. Fry Sr., Spring City, and Leon J. Hartzell, U. S. Navy, son of Mr. and Mrs. Charles Hartzell Jr., 56 Pennsylvania avenue, Phoenixville, were united in marriage at the home of the bridegroom's parents Saturday by the Rev. A. A. Hartman, pastor of St. John's Reformed church, Phoenixville.

They were attended by Julian Blithe, brother-in-law of the bridegroom, also of the Navy, and Miss Nancy Fry, sister of the bride.

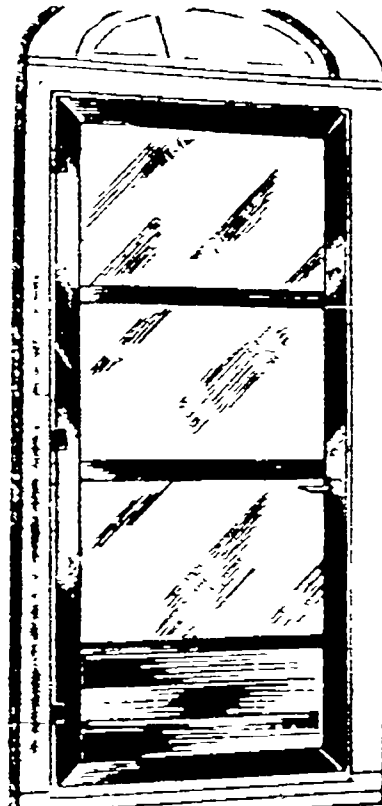

The bride wore a pink dress with black accessories and a corsage of red roses. Her attending sister wore a gray dress with red accessories and a similar corsage. A reception followed at the home of the bridegroom due to the illness of the bride's mother.

The bridegroom will return to his naval base, Little Creek, Va., after completing a 12-day leave of absence. The bride will reside with her parents here.

Yesterday or prior for Niagara Falls and Canada, to be gone two weeks. They will live at the Church street address.

The bride has been employed at Spring City Knitting company. The bridegroom is employed at Linfield shoehouse.

Indiana Girl Engaged To Wesley Schofield

Mr. and Mrs. J. F. Robbins, Boswell, Ind., announced the engagement of Mrs. Robbins' daughter, Miss Sarah Jane Neander, to Wesley Lane Schofield, son of Mr. and Mrs. Leo L. Schofield, 339 Summer street, Royersford.

The bride-to-be, a graduate of University of Kentucky, is secretary to the manager of the Calvert Disinfecting company's plant at Relay, Md. Mr. Schofield, a graduate of the Sheffield Scientific school of Yale university, is employed as a chemist in the same plant at Relay. During the war he served for over two years on an LST in the Asiatic theater. He attained the rank of lieutenant (jg).

The couple expects to be married Aug. 31 at the home of Miss Neander's sister, in Springfield, Ohio.

SUMMONED IN ERROR

A summons issued for Clarence V. Townley Jr., 819 Walnut street, Royersford, charged with "ignoring a red ticket placed on his car for a parking violation was voided yesterday. It was established Townley had paid the \$1 fee for the red ticket. The summons was sent him in error, it was explained.

WALLACE TO HEAR GROMYKO

LAKE SUCCESS, July 1 (AP)—The office of Henry A. Wallace, editor of New Republic magazine, advised the United Nations today that the former vice president is planning to come here tomorrow to hear Andrei A. Gromyko's policy speech on the Balkan case.

Hunsicker-Lorah Nuptials Performed In Linfield Church

On Sunday afternoon in the Evangelical and Reformed church, Linfield, at a double ring ceremony, Miss Marjorie Hunsicker, daughter of Squire and Mrs. John Hunsicker, Linfield, became the bride of Mr. John Lorah, Stony Creek Mills. The Rev. Alton P. Albright officiated. Preceding the ceremony a recital of hymns was presented by Miss Marjorie Hunsicker, organist, and Miss Jean Mel, Stony Creek Mills, soloist. Given in marriage by her father, the bride was groomed in traditional white, the model featuring a satin bodice with a net yoke trimmed in lace, a full net skirt ending in a long train, and long sleeves pointed with lace. Her finger-tips were edged in lace. The bride wore a crown of orange blossoms. The prayerbook carried by the bride which was 90 years old was topped with an orchid and long satin streamers. In the role of matron of honor was Mrs. John L. Kissling, Reiffton, a sister of the bride. She wore a sheer blue gown with a lace yoke and full skirt and carried a bouquet of pink carnations. The pink bouquet in her hair matched her bouquet. Bridesmaids, Misses Mary Lorah, Stony Creek, sister of the bridegroom, and Eleanor Gast, Milford, classmate of the bride, wore pink gowns with gathered bodices and full net skirts. Their bouquet of blue carnations matched their blue wreaths. Marjorie Kissling, Reiffton, niece of the bride, was flower girl. She wore an ice blue gown and carried a bouquet of miniature pink carnations. The bride's nephew, John Kissling Jr., Reiffton, was ring bearer. Performing the duties of best man was Mr. John Kissling, Reiffton, the bride's brother-in-law. Ushers were Mr. Paul Seidel and Mr. William Wagner, both of Stony Creek Mills. Mrs. Hunsicker, mother of the bride, was dressed in a black and white ensemble with white accessories. Mrs. Lorah, mother of the bridegroom, was attired in a black and white print dress with black accessories. Both wore gardenia corsages. Following a reception in the home of the bride's parents, the couple left on a honeymoon trip to Florida. For traveling the bride chose a white gabardine suit with white accessories and an orchid. The bride was graduated from Jefferson Medical College School of Nursing, Philadelphia, and Mr. Lorah is employed by the Berkshire Knitting Mills, Wyomissing.

Social Calendar

Rachel Circle of the W.S.O.S. of Seaford. Meeting tonight at 7:45 o'clock in the home of Mrs. Sarah Trythall, Prospect street.

PERSONALS

Mr. and Mrs. Edward Streett and children, John and Evelyn, Pottstown RD 4, have just returned from a week's vacation with the former's mother, Mrs. Alverta Streett, Street, Md. A large turkey dinner was served in honor of Mrs. Alverta Streett's 75th birthday anniversary and her father's 94th birthday anniversary, July 3.

Miss Kay Vennie, New York, returned after spending the weekend with her parents, Mr. and Mrs. O. L. Vennie, 328 South street.

Harold Weikel Jr., Miami, Fla., is spending his vacation visiting his parents, Mr. and Mrs. Harold Weikel, 513 Walnut street.

Mr. and Mrs. Harold Linsinger, 332 Vine street, Stowe, returned after spending a vacation at Niagara Falls and Canada.

Mr. and Mrs. Stanley Zawaski and children, 178 South Franklin street, spent yesterday in Philadelphia.

Mr. and Mrs. Elmer W. Wilson and sons, Richard and Tommy, and Mr. and Mrs. Stephen Ryan, 940 Chestnut street, returned home after vacationing in Ocean City, N. J.

Mrs. Donald Seasholtz, Ft. Lauderdale, Fla., is visiting Mr. and Mrs. Frank Seasholtz, Beech and Evans streets.

Mr. and Mrs. Roy March, 61 High street, are spending their vacation in Wildwood, N. J.

Mr. Simon Selman, Chicago, Ill., is spending his vacation with his sister, Mrs. Sarah Lebman, 429 High street. Mr. Selman has not been in Pottstown for 17 years.

Mr. and Mrs. George Kendrick, McCarthy apartments, King and Hanover streets, spent the holiday week-end in Canada.

Mr. and Mrs. Jack Wittacre, North Evans street, returned home after spending the week-end in Altoona.

Mr. and Mrs. Ray Nyman, 9 Union street, spent the holiday week-end at Wildwood Villas and Wildwood, N. J., where they witnessed the parade of fireworks on the beach and the parade of the fishing fleet.

Caraway or celery seeds give novel flavor to cottage cheese. Add salt to season and enough cream to make the mixture spread easily. Use as a sandwich filling.

H. Gloria Gaugler's Recent Marriage Is Announced

Mr. and Mrs. Franklin Gaugler, 10 West Sixth street, announce the marriage of their daughter, Miss H. Gloria Gaugler, to Mr. Thomas M. Quinter, son of Mr. and Mrs. Milford Quinter, 567 Jefferson avenue.

The double ring ceremony was performed Sunday afternoon, June 29 at 2 o'clock in the Lutheran Church of the Transfiguration by the Rev. Theodore L. Fischer, pastor.

A recital of bridal music were presented by Mrs. Harold Keim, organist, and Mrs. Elsie Boyer, soloist.

The bride, given in marriage by her father, wore a gown of white satin and lace. Her finger-tip veil fell from a beaded crown and she carried an old fashioned bouquet of white carnations, roses, and baby's breath with streamers of baby's breath.

Miss Arlene Quinter, the bride's only attendant, was attired in a gown of aqua lace and marquisette. Her headress matched her bouquet of mixed flowers.

Mr. Richard Brunish served as best man. Ushers were Mr. Delmar Egolf and Mr. Thomas Miller.

Mrs. Gaugler, mother of the bride, wore a black and white print dress with white accessories. Mrs. Quinter, mother of the bridegroom, wore a gray and white silk dress with black accessories. Each wore a corsage of white carnations and baby's breath.

Following a reception in the home of the bride's parents, the couple left on a trip to Rehoboth Beach. They will reside with the bride's parents.

The bride, a graduate of Pottstown High school, is employed at Shiner's Dry Goods store. Mr. Quinter, who attended Pottstown schools, served in the Navy during World War II. He is employed by the Firestone Tire and Rubber company.

Navy Mothers to Visit Philadelphia Hospital

At the regular meeting of the Navy Mothers' club last night in the Emmanuel Lutheran church over which Mrs. Gladys Hilltop, commander, presided, plans were made to visit the Navy hospital, Philadelphia, Sunday, Mrs. Pauline Yonkovich is in charge of this trip.

A sewing report of work done at the Memorial hospital was read.

Members going to the Delegation Convention in Cincinnati, Ohio, will meet at the church Saturday afternoon at 3 o'clock.

It was announced that servicemen needing medical attention should contact Mrs. Hilltop, 6 Ash street, Stowe, phone 1416-W for application blanks. In case of emergency, blanks must be filled out in 72 hours.

BIRTHS
Mr. and Mrs. Casper Keller, Elverson, announce the birth of a son yesterday in Memorial hospital.

Mr. and Mrs. W. Lawrence Brunner, Pottstown RD 3, are receiving congratulations upon the birth of a son yesterday in Memorial hospital.

A daughter was born yesterday in Memorial hospital to Mr. and Mrs. William Sherrer, Stowe.

The Chinese are believed to have used spaghetti and macaroni before the Italians.

Baby of the Week

VACATIONERS GLORY IN THEIR TRAVELS

(Continued From Page One)

a section of the Oakes Gardens, a picturesque area near Niagara Falls on the Canadian side.

Misses Helen Polnitz, Dotie J. Kovacs, and Peggy Dindano, all of town, wish all their friends could

Delaware river, Belvidere, N. J.

be with them at Atlantic City. They're having a-1 weather and a gala time where the finest surf bathing in the world, on a gradually sloping, safe, golden-sanded beach, is obtainable. (It said here on the postcard.)

Mr. and Mrs. C. Springer, Spring City, spent a weekend with their daughter and son-in-law, Mr. and Mrs. Stan-

Barnegat Light, N. J. They said: "We fished at this light house, known to be the oldest one on the Jersey Coast. We can see it across the bay from our daughter's window, and it certainly is a beautiful sight."

Here's another one from John and Gordon again. The boat, State of Pennsylvania, is apparently the one they had such a nice ride

Oakes Gardens, Niagara Falls, Canada

on . . . in the moonlight. (Sigh). The card is addressed to Mom and Pop Shinn, and still no address given.

"We stopped here at the Lincoln Caverns on our way to the Wasson reunion at Jackson Creek, State Forest Park," says Mr. and Mrs. A. L. Gargis, of Gilbertsville. The caverns are located along U.S. Route 22, near Huntingdon.

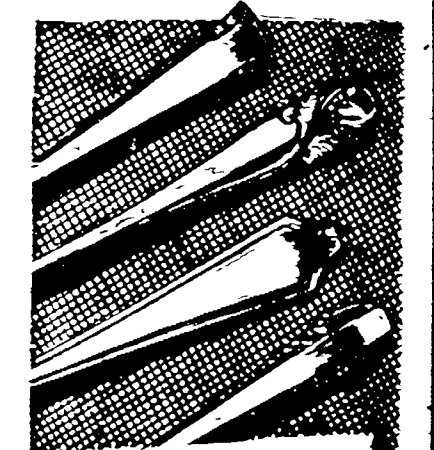

A card from Mary Lee Arslak, Fry Apartments, Stowe, and also signed "Footsie and Jim," hints that a grand time is

being had at Mount Pleasant, N. J. It's hard to see, out about every square inch of the beach is covered by humanity.

These are only a few of the people who are on or will be going on vacations during the remainder of the Summer. Seal a few minutes of your time off when you're away and send a picture postcard, preferably

AUTO ACCIDENTS —

(Continued From Page One)

he was on his way home from a trip to Englewood. He was driving east on High street at about 35 miles an hour when the mishap occurred.

In what police called an unavoidable accident, John Corley, 62, of Ashtown, was injured as he lay in the driveway of Lester R. Daub, 114 South Hanover street, directly in the path of Daub's car.

Daub was driving into his property, going down a sharp incline from the level pavement; leaving from the road, when he felt a bump and a groan. He stopped the car immediately, he told police, and found a man lying in the path.

He called the Good Will ambulance and had Corley taken to Pottstown hospital where he was admitted with a deep scalp laceration, bruise burns on both elbows and on the right upper arm, and possible shoulder injuries.

Sgt. Linton and Patrolman Borgiet said that Corley, who told hospital authorities that he was homeless, had apparently sought shelter in the driveway under the roof and failed to get out of the way when Daub drove in.

A motor truck heavily loaded with bricks skidded on the wet roadway of Route 83 near Kenilworth late yesterday afternoon and overturned. The driver, Jonas Eder, of Mahers, was able to crawl from the cab and suffered only a nick on the right ear and slight bruises, none of which required medical attention.

He was driving the truck, owned by the McAvoy Brick company, of Phoenixville, towards Kenilworth when the vehicle began to skid on a curve near the home of Chester Tyson. He applied the brakes and the truck overturned on the wet highway.

Chief Daniel W. Guldin, of the North Coventry township police, and P. Joseph Horanetz, of the Devon sub-station, State police, investigated the case and directed traffic which was limited to one-half of the road, until the truck was righted.

Suffering from injuries of the left forearm and nose received when he crashed into a car and an ice truck on South Hanover street at 6:30 o'clock yesterday morning, Mrs. Margaret Stauffer, Boyertown, blamed the accident on a parked truck which obscured her vision. Although required to wear glasses while driving, she did not have them on when the accident happened, the police said.

The accident occurred shortly after Mrs. Stauffer had left her husband at the Reading station. She proceeded east along the Reading course to Hanover street where a large dairy truck, parked on the left

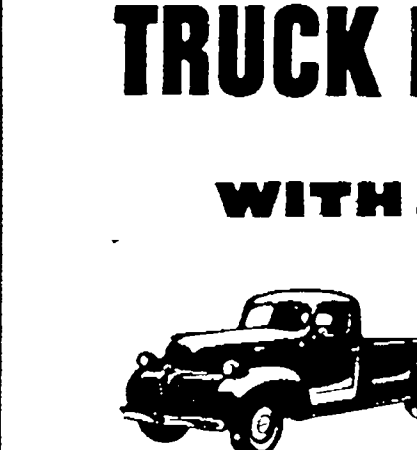

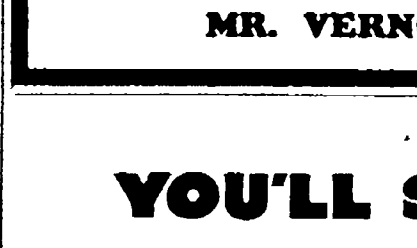

the black and white variety. Scramble a few lines about what you're doing and we'll see that your neighbors and pals get to know about it. But don't forget to include your full name and home address. Simply mail your cards to: VACATION EDITOR, Pottstown Mercury Pottstown, Pa.

ECONOMIC AID —

(Continued From Page One)

radio said, stated Yugoslavia and Poland would not take part and added the dispatch "pointed out that Poland and Yugoslavia would accept credits from the United States and would accurately fulfill equitable terms of credit, but they prefer to have relations directly with creditors if possible and without intermediaries."

The French foreign ministry said "it had decided to wait until they had been received from all 22 invited nations, before making any further announcements of aid to the."

Earlier, the ministry said six nations had accepted formally, and eight others were expected to do so soon. The six are Belgium, Italy, Portugal, Greece and Turkey. Acceptances "in principle" have been received unofficially from Holland, Luxembourg, Austria, Denmark, Iceland, Norway, Sweden and Switzerland, the ministry added. Reports from The Hague said Holland definitely had accepted.

Russia refused the past week, at the three-power conference here, to participate in a British-French plan to implement the Marshall program. British and French sources said they still had not given up hope that the Soviets would attend Saturday's conference.

These hopes of a new Soviet attack against Britain and France, delivered in Geneva today by Valerian Zorin, Russian delegate to the United Nations-sponsored economic commission for Europe.

Zorin told a tense session of the conference that Britain and France planned to dominate the economy of Europe "behind the back of the Soviet Union." He added that Russia could not participate in what he called "an erroneous and wrong policy quite evidently aimed at interference in the internal affairs of European countries."

Reports from various European capitals indicated that the Marshall plan had posed a political dilemma, particularly for those governments which are Communist-dominated.

Reports persisted that the Army was looking into the phenomena but Gen. Carl Spaatz, Army air forces commandant, said he knew of no AAF plans to search for the saucers.

'SAUCER' TALES —

(Continued From Page One)

saucer" although it was stationary. But at Cambridge, Mass., a housewife said she saw "a group of white, flying saucers" whirling around and going at a tremendous speed.

The Massachusetts and Vermont reports brought to 40 the number of states in which the objects have been observed. With New England getting into the game, the Harvard University astronomical observatory took notes of the reports out said it had had no luck so far in photographing one of the disks.

Lester Barlow, of Stamford, Conn., international known explosives inventor, advanced the theory that the objects are radio-controlled flying missiles. Reports persisted that the Army was looking into the phenomena but Gen. Carl Spaatz, Army air forces commandant, said he knew of no AAF plans to search for the saucers.

County Treasury Shows Balance of Half Million

By Staff Correspondent

NORRISTOWN, July 7—Montgomery county passed the halfway mark for the year with approximately a half million dollars in its treasury.

According to figures by the county treasurer's office, balances at the close of June were as follows: County fund, \$193,713.20; institution district fund, \$57,271.24; institution district building fund, \$110,000; liquid fuels tax fund, \$126,044.97; prison fund, \$62,822.99; State fund, \$125,840; capital reserve post-war fund, \$147,442; total, \$496,045.22.

PAIR TO BE HEARD TODAY ON DISORDERLY CHARGES

(Continued From Page One)

Richard Cimino, 19, of 358 Cherry street, and Samuel Randazzo, 20, of 619 King street, are slated to appear before Justice of the Peace Richard H. Cadmus, of the Seventh ward, tomorrow afternoon at 4:30 o'clock to answer a charge of disorderly conduct.

Cash has been posted for the appearance of the youths who were arrested Saturday afternoon in the 300 block on High street by Patrolman S. J. Borow.

Justice of the Peace Cadmus said last night there is no charge of rambling against the youths. He said there was no evidence that any gambling was in progress.

RAINY WEATHER —

(Continued From Page One)

the downpour, Kulp added. Earl G. Loe and M. Von Keum, Boyertown farmers, agreed that the drought had not been long enough to do any harm to their orchards, but that the rains came as a welcome relief.

For minor fruit growers, such as strawberries and raspberries, the wet weather was badly needed, Gilbert said. "If we hadn't got rain in the next couple of days, my raspberry crop would have been finished," he stated.

The weed problem was given a setback by the wet night. Lack of rain had caused a decline in the growth of weeds, according to Borough Manager Dow I. Sears, and he had had to send out only one notice over the weekend on a complaint received at Borough hall.

Sears added that the response to about 30 notices to property owners has been "encouraging" and that the borough also has had men cutting weeds along outlying streets and public alleys.

Yesterday's temperatures rose only as high as 81 degrees, and little change is predicted for today. The weatherman says it will be mostly cloudy in the morning and partly cloudy in the afternoon.

CHINESE CLEAR RAILWAY

SHANGHAI, July 7 (AP)—Chinese government dispatches reported today that the Peiping-Paoing railway again had been cleared of Communist and inconclusive civil war battles continued on this tenth anniversary of the Japanese attack on China.

There were two percent fewer cows on U.S. farms in 1947 than in 1946, but the 1947 cows supplied three percent more milk.

Cash has been posted for the appearance of the youths who were arrested Saturday afternoon in the 300 block on High street by Patrolman S. J. Borow.

Justice of the Peace Cadmus said last night there is no charge of rambling against the youths. He said there was no evidence that any gambling was in progress.

RAINY WEATHER —

(Continued From Page One)

the downpour, Kulp added. Earl G. Loe and M. Von Keum, Boyertown farmers, agreed that the drought had not been long enough to do any harm to their orchards, but that the rains came as a welcome relief.

For minor fruit growers, such as strawberries and raspberries, the wet weather was badly needed, Gilbert said. "If we hadn't got rain in the next couple of days, my raspberry crop would have been finished," he stated.

The weed problem was given a setback by the wet night. Lack of rain had caused a decline in the growth of weeds, according to Borough Manager Dow I. Sears, and he had had to send out only one notice over the weekend on a complaint received at Borough hall.

Sears added that the response to about 30 notices to property owners has been "encouraging" and that the borough also has had men cutting weeds along outlying streets and public alleys.

Yesterday's temperatures rose only as high as 81 degrees, and little change is predicted for today. The weatherman says it will be mostly cloudy in the morning and partly cloudy in the afternoon.

CHINESE CLEAR RAILWAY

SHANGHAI, July 7 (AP)—Chinese government dispatches reported today that the Peiping-Paoing railway again had been cleared of Communist and inconclusive civil war battles continued on this tenth anniversary of the Japanese attack on China.

There were two percent fewer cows on U.S. farms in 1947 than in 1946, but the 1947 cows supplied three percent more milk.

COAL AGREEMENT —

(Continued From Page One)

country and might also have had an adverse effect upon the international situation."

Farley's statement said the negotiators unanimously recommended adoption of the contract by all companies represented by them, including the "rapine" mines which are owned by steel companies, and employ 65,000 miners, many of them in the South.

Full scale resumption of operations in the unions' business may be delayed until Wednesday morning.

The miners are on a ten-day vacation which ends at midnight tonight but the policy committee action specifically stated that work would not resume until the agreement was signed and sealed.

Briefly, the terms of the contract are: Daily pay of \$13.65, instead of \$11.25. The hourly rate for an inside worker would be \$1.63 instead of \$1.18.

An 8-hour day, with partial-portal travel included at regular hourly rates. This would replace a nine-hour day, with travel-time paid at overtime rates.

A levy of 10 cents a ton, instead of 5 cents, to support the miners' welfare fund.

Inclusion of the Federal mine safety code as a general standard, instead of varying State laws.

Quoit Club to Revise By-Laws, Plans Clambake

(Continued From Page One)

Seventy-five members of the Pottstown Quoit club met last night in regular session during which time Richard Steers was named chairman of a committee to revise the club's by-laws.

Plans also were discussed concerning a clambake to be held Aug. 3 for members and their families. It is scheduled to take place at Lakeview Memorial park, Royersford. Attempts also were being made to arrange a baseball game between the club and the North Coventry club team at the affair.

Gilbertville Troop Wins at Delmont

Boy Scouts of Troop 1, Gilbertville, returned Sunday from a one-week stay at Camp Delmont with their share of awards and honors. Two boys—Robert Beldyk and David Hollowbush—were advanced to the rank of first class scout while there, and Richard Fox and Laverne Mest, achieved second class.

Roy Geiger, junior assistant scoutmaster, earned his senior American Red Cross life saving award. J. Russell Geiger Jr., scoutmaster, of the troop, received a certificate for completion of a training course in camping.

The following received certificates and emblems for successfully passing leadership training courses: Paul Miller, quartermaster; Beldyk, handcraft; Hollowbush, activities; Fox, health and safety; and Mest, nature. Boys completing these courses are expected to return to their troops and supply leadership in the field in which the award was earned.

All five of the scouts earned the Camp Delmont award for the first year, while J. Russell Geiger Jr. earned the two-year award and Roy Geiger, the five-year emblem.

The campers and their leaders attended the camp from June 29 to July 6.

Sixty-Nine Report For First Class In Swim Campaign

Sixty-nine of the 78 boys and girls of Boyertown and vicinity registered in the YMCA movement's "learn-to-swim" classes reported yesterday morning to the American Legion pool for the initial instruction period.

Time of the classes has been changed from 10:30 a. m. to 12 o'clock noon, it was announced yesterday. The roster of students has been divided into two classes and both will report at that time Joseph Simon, instructor and physical director of Reading Central YMCA, announced that classes will be held every day this week through Saturday morning, rain or shine.

Chief objective yesterday was organization of the group and teaching of the basic float and the proper arm movement.

Henry Carichner, district YMCA executive, was present and distributed identification badges to all registered for the course. Edna Mecherly, local YMCA worker, is in charge of attendance.

Registered for the course are the following: Charlene Albright, Janice Becker, Joyce Becker, Carol Ann Bechtel, Fern Bickel, Virginia Bickel, Phyllis Bunder, Gloria Boyer, Edna Dierolf, Nancy Fegeley, Marilyn Fort, Nancy Frey, Marilyn Gerhart, Mary Hartman, Suzanne Kohler, Sallyann Kolo, Nancy Lester and Pauline Lester.

Also Gloria Mathias, Margaret Miller, Jacqueline Pike, Louise Race, Eva Reidenauer, Barbara Reimer, Elizabeth Schrupp, Mary Schrupp, Carolyn Sell, Fay Stahl, Rochelle Wolfgang, Shirley Wolfgang, Betty Ann Zook and Neida Mae Schoenly.

Boys signed up include Larry Albright, Paul Berk, Glenn Bohn, Charles Downer, Daniel Ellis, Donald Ellis, William Erb, Leonard Fort, George Freyer, William Gabel, Ronald Gerhart, Bruce Gehris, Richard Hallman, Carl Hartman, Ronald Heckman, David Johnson, William Henry, John Heydt Lee, Kane, Hugh Kelly, Dennis Kolo, Richard Mackey, Leon Mest, Alan Meyer, Scott Meyer, Glen Meyer, Jacob Reider, Richard Rehle, Ronald Romer, James Sands, Dennis Schaeffer, Sherwood Schoch and Harry Schrupp.

Also Robert Smith, Franklin Snyder, Richard Spohn, Stuart Spohn, Henry Stettler, Guy Wagner, Ronald Wasson, Roger Weidner, Ralph Wolfgang, Ronald Updegrave, Richard Schutt, Edward Wasson and Gerald Dotterer.

Municipal Operation Of Electricity Plan Killed by Council

Boyertown borough council dropped the idea of municipal electricity operation by unanimous consent at a meeting last night.

Council's killing of the idea was based on a report submitted by J. Clifford Leinwood which cited the fact that municipal ownership would raise the cost of electricity for residents, industries and power users.

The town will continue to be served by Metropolitan Edison company. In a further move, the company asked that council repeal an ordinance giving the borough the right to purchase the electric system. This proposal was turned over to Solicitor H. Leon Breidenbach for study and recommendation.

Additional discussion took place on opening a new street, Highland street. Solicitor Breidenbach recommended that property owners present a petition asking the borough to improve the street, with the petition stating that improvements would be at the petitioners' expense.

Burgess James A. Fritz appointed the following fire safety committee: Nathan S. Fegeley, chairman; Warren D. Sands and Titus Edinger.

A report submitted by the State highway department revealed that there was insufficient traffic, both pedestrian and vehicular, at the corner of East Philadelphia avenue and Washington street to justify the installation of a traffic light.

Bids will be asked soon for resurfacing some borough streets, the first on the list being Franklin street.

PERSONALS

Mr. and Mrs. Walton Rhoads and children, Rochelle and Mary Lou, of 312 Front Street, are spending the week at Rehoboth Beach, Del.

James C. German and son, Jimmie, are visiting German's parents, Mr. and Mrs. Edward German, 336 South Reading avenue, as well as friends in Boyertown.

Mr. and Mrs. Paul Fisher, of Womelsdorf, Pa., and the former parents, Mr. and Mrs. William J. D. Fisher, 364 South Reading avenue, and his brother, Harry N. Fisher, 233 South Reading avenue.

Mr. and Mrs. Lawrence E. Drumheller, and daughter, Janet, 411 East Philadelphia avenue, and Mary Louise March, 414 East Fourth street, spent the weekend at the cottage of Mr. and Mrs. Drumheller's son-in-law and daughter, Mr. and Mrs. Henry Rothenberger, Rehoboth Beach, Del. Additional visitors at the Rothenberger cottage included Mr. and Mrs. Roland Renninger, of Mutter apartments.

Among local visitors at Banff and Lake Louise, Canada, recently were Ruth R. Yoder, East Philadelphia avenue, and Mr. and Mrs. Lester Maurer, Reading. Miss Yoder is accompanying her uncle and aunt, Mr. and Mrs. Maurer, on a trip West.

Mr. and Mrs. Paul Renninger, of Winston-Salem, N. C., are visiting at the home of Mr. Renninger's brother-in-law and sister, Mr. and Mrs. Charles G. Trout, 649 Rhoads avenue.

Two Cars Collide; No One Is Injured

Two automobiles driven by John B. Shoop, Birdsboro, and Warren L. Rader, 430 East Philadelphia avenue, collided at 9:15 p. m. Saturday at the intersection of Philadelphia and Reading avenues, causing about \$35 worth of damage to both.

Shoop, it was said, was approaching the intersection on Philadelphia avenue when Rader made a left turn. No one was injured.

Gem Thief Slain By Patrolman In New York Duel

NEW YORK, July 7 (AP)—A 2nd street bus loaded with 40 passengers was the scene today of a grim gun battle which brought death to a young jewelry store robber and serious bullet wounds to the patrolman who killed the swarthy gunman.

One of the passengers was used as a shield by the robber after he had dashed into an open door of the halted bus while fleeing from the patrolman, Daniel B. Murphy, 29. The passenger was not hurt.

The robber reportedly told Murphy "I'm going to let you have it," but in the ten-shot duel that followed, he received fatal chest and head wounds.

Murphy was taken to a hospital with wounds in the chest and abdomen. He emptied his six-cartridge

revolver in the battle while the robber fired four times.

The passengers covered in their seats during the duel. James Doherty, the bus driver, sounded his horn continuously to attract other policemen. Thousands of persons in the noon-hour mid-Manhattan crowds were attracted to the scene, a block from Times Square.

A \$10,000 nine-karat diamond ring and two wedding rings in the robber's pocket were identified by two jewelry store owners as having been stolen from their establishment a short time before the shooting.

The owners' shouts caused Murphy to chase the robber into the bus a block away.

Police said the robber had in his pocket a disabled veteran's card and a Florida driver's license bearing the name of Joe N. Fernandez, 23, of Tampa, Fla.

LAUNDRY STRIKE SETTLED
WILKES-BARRE, July 7 (AP)—Approximately 300 employees of four of Wyoming valley's leading laundries, who have been on strike since June 13, will return to work tomorrow morning following ratification of an agreement this afternoon by striking employees.

Governor Turns Down Measure Freeing Veterans' Clubs of Liquor Law Terms

HARRISBURG, July 7 (AP)—Gov. James H. Duff vetoed today a bill that would have permitted veterans' clubs in Pennsylvania to obtain liquor licenses for 18 months without regard to the Commonwealth's license quota law.

"Making a separate class of veterans' organizations for the purpose of receiving licenses to sell liquor would, in our opinion, amount to special legislation and be clearly unconstitutional," the governor said in his veto message.

The bill, passed by the assembly after weeks of controversy, would exempt nationally-recognized veterans organizations for that period from the 1939 quota law limiting licenses in any community to one for each 1000 population.

The controversy was complicated by conflicting court rulings as to whether clubs are within or outside the quota law. The liquor control board ruled they were included but county courts have decided the question both ways and the liquor control law makes no provision for an appeal to the State Superior court for a decision that would have state-wide application.

The governor listed other acts passed by the Legislature of interest to veterans and added in his veto message:

"Legislation conferring privileges and preferences upon war veterans in recognition of their services has been sanctioned by a grateful public throughout the history of this Commonwealth but should not conflict with public regulations or an important public policy of this Commonwealth."

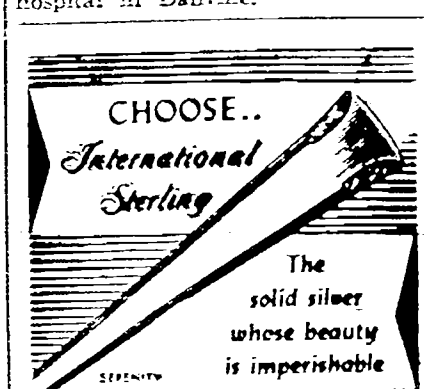

The governor also vetoed a bill establishing minimum salaries for instructors of State teachers' col-

leges, explaining that \$500,000 was budgeted for salary increases to those instructors but that the vetoed bill would have required from \$300,000 to \$700,000 additional revenue which was unavailable.

Two Polio Cases Reported In Schuylkill County

ASHLAND, July 7 (AP)—James M. Jennings, executive secretary of Schuylkill county's polio committee, reported today two cases of infantile paralysis in this community.

They were Janet Lambert, five-year-old daughter of Mr. and Mrs. Albert Lambert, and two-year-old Carl Evelyn, son of Mr. and Mrs. William Evelyn. Jennings said both had been taken to the Geisinger hospital in Danville.
